FOX IN A BOX

Host your next event at Fox In A Box, Adelaide's largest escape rooms. Originating from Sweden, Fox in a Box is well established with 24 locations globally, leaving us equipped to provide the best possible experience for your group. Fox in a Box undertook the game design and production for the world's first Red Bull Mind Games World Championships; they designed the escape room for James Corden's Late Late Show and built the BMW escape room in Munich to develop skills and foster bonding for BMW employees. The Fox in a Box Brisbane location boasts 6 escape rooms, a large reception area including a licensed bar and a lounge area which can be exclusively hired for your corporate and team building requirements. Catering is also an option.

1. The Escape Room

Escape rooms are an immersive experience where your group will have to work together to solve a series of interactive puzzles, clues and scenarios to achieve your final goal - whether it be saving the world from a nuclear explosion, escaping the clutches of a serial killer or possibly creating a cure for the Zombie pandemic. All within 60 minutes!

2. The Concept

During the game, players will be pushed to challenge themselves to think outside the box, express innovative ideas and work together as a team to solve challenges. Forget the everyday team & office hierarchy, collaboration is the key to escape where you will be immersed into a unique story and feel like an action movie star!

3. The Difference

We are the only company in Qld with dedicated Game Masters and a centralized control room. Each escape room has up to 8 cameras, microphones and speakers so our Game Masters will be watching and guiding you should you need support.
